Help

Overview

Explore the Builder Guide below for everything you need to bring your idea to life.

BUILDER GUIDE

Tracks

02 / TRACKS

Choose one or more tracks

STARTER KIT 01

Treasury & Ops
Adaptive Treasury Controller

Decide what to fund, convert, defer, or escalate when cash is short.

Setup: Fund a wallet

STARTER KIT 02

Expense & Policy
Intent-Bound Purchase Agent

Choose SaaS purchase terms, then enforce the decision with virtual-card controls.

Setup: Fund a wallet

STARTER KIT 03

Treasury & Ops
Payment Ops Incident Commander

Resolve a delayed supplier transfer without paying twice.

Setup: Fund a wallet

STARTER KIT 04

Revenue Protection
Dispute Response Agent

Accept, challenge, or escalate chargebacks based on evidence and cost.

Setup: No extra enablement

STARTER KIT 05

Multi-Tenant Platforms
Platform Spend Controller

Issue customer cards and ration bridge funding when deposits arrive late.

Setup: Request platform access

STARTER KIT 06

Multi-Tenant Platforms
Multi-Employer Payroll Executor

Run payroll across employers while keeping each employer's funds separate.

Setup: Platform access + 3 accounts

STARTER KIT 07

Dynamic Lending
Portfolio Lending Agent

Collect repayments and size a new advance without breaching a reserve floor.

Setup: Request platform access

STARTER KIT 08

Multi-Tenant Platforms
Marketplace Settlement Agent

Set seller reserves, pay net proceeds, and adjust when risk changes.

Setup: Request platform access

STARTER KIT 09

AgenticCommerce
Approval-Bound Shopping Agent

Complete a real merchant checkout. Ask again if approved terms change.

Setup: Allowlisted Air CLI access

STARTER KIT 10

Agentic Commerce
Merchant-Enabled Agentic Checkout

Find products through Claude, pay with a test card, and receive a merchant order number.

Setup: Merchant-side access
